Volunteer Enrollment & Certification

Name (Print): _____

Mailing Address: _____

I certify that I have no conflict of interest in participating in MAW and will insure that no information I receive or insight I obtain from my activities will be put to use by me or anyone else, with knowledge on my part, that would serve to impair the regulatory activities of the Department of Fish & Game or similar state or federal agency.

I am prepared to serve as a volunteer knowing that my efforts are to benefit the enforcement of abalone regulations in Mendocino County and I hold harmless all other parties for any accident or injury arising from my activities. I promise to abide by the operating protocol of MAW, that includes not assuming a law enforcement-type role and striving to be constantly diplomatic and thoughtful in my contacts with the public.
